## EDUCATION

### American University of Beirut, Beirut, Lebanon — *Bachelor of Computer and Communication Engineering*

AUGUST 2017 - MAY 2021

- Received a full scholarship from USAID to study CCE.
- Took 5 electives in software development and built different web apps, most of which to solve real-life problems.
- Volunteered for more than 16 hours per semester in community service activities with NGOs like YAB, Jusoor, Help Syria Kids...

## EXPERIENCE & TRAINING

### SE Factory, Beirut, Lebanon — *Cycle #15 Graduate*

AUGUST 2021 - NOVEMBER 2021

Intensive full-stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 12 weeks of lectures, workshops, and projects.

### American University of Beirut, Remote — *Software Engineer Intern*

MAY 2020 - AUGUST 2020

Developed an application that reads the database at the store and informs the store owner of all transactions at the shop for monitoring purposes.

## PROJECTS

### OdoMoto — *A Fleet Management System*

Developing a fleet management system that keeps track of drivers' and vehicles' records and sends notifications on certain operations.

- Frontend: ReactJs for Admin Panel and React Native
- Backend: Laravel and MySQL

### Sugar Factory — *A dating app*

Developed a dating app in a team, where users are matched depending on their preferences, using ReactJs, React Native, and Laravel.

### Melvin App — *The smart virtual assistant*

Developed a virtual assistant similar to Siri and Alexa that works on most OS using python, HTML, CSS, and Js.

## PROFILE

My goal is to build upon the old something new that can facilitate people's lives. As a passionate learner, I am open to other cultures and enjoy adapting to changes. I've always believed that if plan A doesn't work, I always have 25 other letters to try!

## TECHNICAL SKILLS

**Programming Languages** // PHP, Python, C++, JavaScript

**Database Management Systems** // MySQL, Microsoft SQL server

**Frameworks, and Libraries** // Django, Flask, Laravel v8.x, Bootstrap 3, React.js, React Native, jQuery

**Tools, and Cloud Services** // MySQL Workbench, Postman, Figma, GitHub, AWS EC2

**Theory** // Data structures and algorithms, Machine Learning, OOP, Complexity Analysis

**Design Patterns** // MVC

## CERTIFICATES

Certificate of achievement at the INJAZ Lebanon innovation camp

Certificate of participation in a series of Leadership Training Workshops

Certificates in data science supervised and unsupervised learning in python...

## HOBBIES & INTERESTS

Reading, Video Editing
